Subject: communications plan for release of final methanol (noncancer) assessment

Attached is a draft communications plan for the release of the final methanol (noncancer) assessment. Many thanks to Dahnish for putting together the first draft! Please take a look and let me know if you have any edits or comments. This plan includes internal Q&As that we will draw from if we get questions from reporters. Most of the responses are drawn from language in the methanol fact sheet and from previous Q&As on Ramazzini. Let me know if there are other questions you think we will get.

I need to send this forward to the IOAA by Sept. 16, so I would appreciate any comments or edits by COB September 11.

Thanks!
